## **Teacher Talk is here!!!**

---

The Florida Department of Education hosts a TV show, *Teacher Talk*, designed to communicate with Florida teachers about innovative approaches to education. Through this venue we strive to make numerous resources available to help with the day-to-day challenges of teaching. "Teacher Talk" airs monthly on the Florida Knowledge Network, the JustforTeachers website, iTunesU and the Florida Education Channel on Dish Network. Episodes will air the second Tuesday of every month and re-run as time slots are available.

As teacher liaison, my goal is to provide direct communication between educators and the Florida Department of Education. The Just for Teachers website contains information on education legislation, student incentives and statewide programs. Through surveys, regional discussion panels and state-wide roundtable discussions, teachers will have opportunities to give feedback on educational policy. The site also makes numerous resources available to help with the day-to-day challenges of teaching. The Just for Teachers newsletter, sent via e-mail and posted on the site, provides up-to-date news on the latest state-level initiatives and programs.
